

## *Accountancy - always there for you*

Bookkeeping, financial annual accounts, VAT, payroll services, tax returns, consolidation: these tasks cost you a lot of effort, time and nerves. That doesn't have to be the case, because we at Carey AG will help you and are always there for you. You benefit from our experienced specialists in all areas of modern accounting.

### **Swiss & International Accounting**

Accounting and financial statement consulting:

- General and subsidiary books including financial accounting, AR & AP including VAT declaration
- Annual accounts and consulting, annual reports and tax returns
- Human Resources & Payroll Services

### **Interim solutions**

If key persons are absent, large gaps can arise. Or you are facing a completely new project and have not yet built up the necessary expertise in the company.

We support you fast, efficiently and at any time with our network of specialists. In this way, you can bridge costly replacements, save on training and recruitment costs and remain completely flexible.

### **Your benefits**

We have a pool of experienced specialists who have many years of experience in their areas of expertise. You have the possibility to outsource tasks to us which do not belong to your strategic priorities, but are crucial for your company's success. And you reduce your fixed costs.

### **Consolidation & IFRS**

We are experienced in the preparation and processing of consolidated financial statements and can also support you in reporting to a group and prepare reconciliations to other GAAPs.

We take over these duties for you so that you can concentrate on your core tasks.

### **Automation**

Document management is crucial today and in the future. In your daily practice numerous sources of information are affected for your management of reporting.

We can support you in the introduction or revision of a reporting system and automate reporting as far as possible with the help of existing systems.
